**THIS OPERATING LEASE AND MAINTENANCE AGREEMENT** is made by and between Lake County, Florida, a political subdivision of the State of Florida, hereinafter the "County", and Nortrax Equipment Company-Southeast, L.P., a foreign limited partnership authorized to do business in the State of Florida, its successors and assigns, hereafter "Lessor".

**WHEREAS**, the County has publicly issued a Request for Proposal, RFP 09-0821, in accordance with the Lake County Purchasing Policies and Procedures for firms qualified to provide wheel loaders for the Lake County Department of Environmental Utilities; and

**WHEREAS**, the Lessor desires to provide and maintain such equipment subject to the terms of this Agreement.

**NOW, THEREFORE, IN CONSIDERATION** of the mutual terms, understandings, conditions, premises, covenants and payment hereinafter set forth, and intending to be legally bound, the parties hereby agree as follows:

1. **Recitals.** The foregoing recitals are true and correct and incorporated herein by reference.

2. **Lease Term.** The Lease term for each unit identified in the Equipment and Payment Schedule attached hereto and incorporated herein by reference as **Exhibit A**, shall commence on its "Delivery Date", which is the date the County takes possession of the Equipment, and shall continue for a period of thirty six (36) months, unless otherwise terminated. All parties agree that title to the Equipment shall at all times remain with the Lessor. The County will not accept any U.C.C. filings, nor will the County provide a IRS Form 8038/8038G.

3. **Payments.** During the lease term, the County shall make all lease payments on a timely basis, including lease payments that are required to be made in the renewal term, if any. See the Equipment and Payment schedule attached hereto as **Exhibit A**. The County shall not be entitled to cancel or terminate this Lease except as expressly provided herein. Any lease payment received from the County shall be applied to this Lease. Payments shall be made in accordance with the Florida Prompt Payment Act, Chapter 218, Part VII, Florida Statutes.

4. **Assignment.**

A. No assignment of the payments under this Lease, nor assignment of any right or obligation hereunder may be made by the County or by the Lessor

without the prior written consent of the other. In the event that the Lessor assigns this Lease with permission of the County, the assignee shall agree in writing to assume all obligations contained within this Lease, including all maintenance responsibilities described herein upon failure of the Lessor to fulfill such maintenance obligations. Failure of assignee to assume all responsibilities hereunder shall void the assignment. Lessor shall remain liable for its performance under this Lease regardless of any assignment. The County shall have the right to review the assignment and shall be provided a copy of any associated documents perfecting the assignment.

B. Assignments shall be in the form and manner set forth in **Exhibit B**, attached hereto and incorporated herein by reference. The County shall not make any payments to assignee, until such time as a copy of the fully executed Assignment is delivered to the County.

5. **Service and Use of Equipment.** Lessor shall provide, at no cost to the County, operator training to County sufficient to ensure efficient operation of the Equipment and shall provide at least two (2) copies of service, parts and operator's manual to County. County shall only be responsible for daily fueling, checking of fluid levels and adding fluid if necessary, and/or greasing of fittings if required. Otherwise, all service, maintenance and repairs shall be the responsibility of the Lessor and shall be conducted in accordance with the following:

A. Operational Condition. The Equipment shall be well maintained in top operating condition with 100% of all parts, components, and systems operational. All pin, hitches and moving parts shall be tight and within manufacturer's standards or tolerances. Engines, transmissions, drive axles, and hydraulic systems shall be in peak operational condition at all times absent of leaks, blowby, reduced hydraulic pressures or driveline noise.

B. Downtime. Should the Lessor fail to complete the required service, maintenance, or repairs and return the Equipment to duty, or should the Lessor fail to supply the necessary parts or labor to effect the repair within forty-eight (48) continuous hours, including holidays, Saturdays and Sundays, from telephonic notification, followed by written confirmation, by the County to the Lessor, a delay charge equal to eight hundred dollars (\$800.00) per calendar day, per unit shall be deducted from any leasing charge or maintenance fee schedules. Lessor shall be given the option of furnishing like equipment in lieu of the delay charge. Delay charges shall not be charged when the delay is a result of a natural disaster.

C. Transportation. All transportation for service, maintenance and repair shall be the responsibility of the Lessor.

Lessor shall be entitled to inspect the Equipment during regular business hours at County's place of business. County shall not install any accessory or device on the Equipment, except for such
